

PUBLIC OPEN HOUSE

TOWN OF SARATOGA SUSTAINABLE ECONOMIC STRATEGY

The Town of Saratoga recently received an EDA grant to conduct an economic analysis for a sustainable economic development strategy. The results of this study will be incorporated in the updated comprehensive plan.

This Open House is an opportunity for you to review and provide feedback on the Town of Saratoga's future development plans and help us identify areas for growth, conservation, or other land uses. There will be comment boards, surveys, and opportunities to share and discuss your thoughts!

WHAT DO YOU WANT THE FUTURE OF SARATOGA TO BE?

During our time together we will:

- Discuss goals of this project.
- Share thoughts on opportunities for growth.
- Share thoughts on obstacles to growth.
- Identify priority properties for development, redevelopment, or conservation.
- Discuss surrounding communities/business districts.
- Review opportunities and recommendations for Saratoga's residential, commercial, and recreational land use.
